Did you know?

One third of the clothes in Kiwi women's wardrobes are not worn - on average this is 22 items.
What a waste! We aim to fix this, saving the planet and raising money at the same time.

★ How it works

Bring up to 10 good quality items of women's clothing or accessories (shoes, hats, bags) that have been gently worn, or simply no longer fit or suit - we've all got those!

Receive a token for each item donated, and buy additional tokens for \$5 each.

Spend those tokens on a gorgeous garment you've spotted on the night!

But wait... there's more!

Enjoy tasty nibbles and bubbles as you trade (yum) - and bring coins for the raffle of awesome local treats :)

Funds raised will be used for resources and equipment for the New Entrant classroom at Halcombe School.

Tickets just \$20 each.
